

Alternative Technology Association's

# Sustainable House Day

## Sunday, September 16th, 2018

### 10.00 am - 4.00 pm

For ideas and inspiration, come and visit  
"Clearwind", Glenhope. 20 km NE of Kyneton

"Small adjustments of lifestyle over time have led to huge reductions in this household's contribution to climate change"

More information:

[https://sustainablehouseday.com/house-profile-view/?house\\_id=26418](https://sustainablehouseday.com/house-profile-view/?house_id=26418)

or call 03 96315421

At “Clearwind”, we can show you:

- Solar electricity and solar hot water
- Wood-fired cooking, baking, space heating and water heating
- Draught-proofing
- Secondary glazing
- Compost toilet
- Water self-sufficiency
- Worm farm, compost system and biochar production
- Self-sufficiency in fruit and vegetables
- Indigenous plants seed orchard

There will be tours of the house and food production areas every half hour

Weather permitting, there will be workshops / tours of the rammed earth shed, on biochar making, indigenous bees and indigenous vegetation seed collection

There will be detailed displays on various aspects of sustainable living to browse

Homemade refreshments available all day

Plants available to purchase

Gold coin donation for entry, and all sales, will go to Sanfilippo Children’s Foundation (<https://www.sanfilippo.org.au/>)
